

Model LINEO 12

Premium-quality, eye-catching stainless-steel profile with laser-cut text and logos for emco entrance mat systems. Freely selectable positioning and fonts.

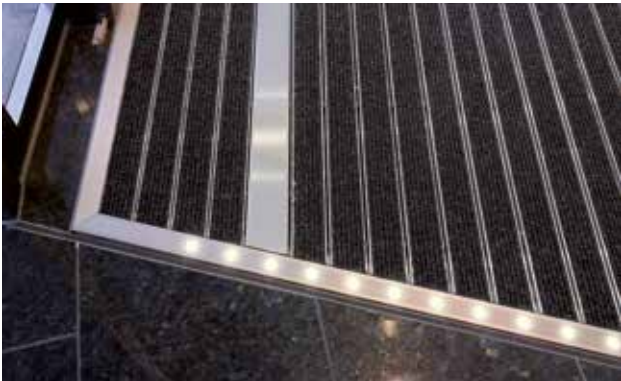

Description

Upgrade your entrance with lettering in a stainless steel profile in your entrance mat system. The text is not simply printed onto the mat; rather, it is laser-cut into a high-quality stainless steel profile, which is permanently integrated in the entrance mat system.

Inside and outside (covered, Zone 2)

| Description | Upgrade your entrance with lettering in a stainless steel profile in your entrance mat system. The text is not simply printed onto the mat; rather, it is laser-cut into a high-quality stainless steel profile, which is permanently integrated in the entrance mat system. |
| Technical details | Material: chrome-nickel steel (V2A). Suitable for emco Diplomat 510. Profile width 50 mm. Different fonts and special widths available. An additional sheet with a thickness of 1 mm is also inserted beneath the stainless steel profile and riveted to this in areas that cannot be seen; this prevents dirt and debris from being pressed down into the letters. |
| Approx. material thickness (mm) | 1,5 |
| Height (mm) | 12 |
